READ-A-THON

January 18th - February 1st

What:

- This is your PTO's biggest fundraiser of the year! Due to covid restrictions, we will be unable to hold a Fun Run this year, and therefore, have decided to host a **Read-A-Thon**! We are asking for each student to raise a minimum of \$30 to help reach our fundraising goal.
- Students will read (or be read to) age/grade level appropriate books during Jan 18 - Feb 1 for as many minutes possible using a variety of platforms (i.e. epic, raz-kids, paperback/hardcover books, etc).
- Students will keep track of their total minutes on their log sheet, filling in one emoji for every 20 minutes read **outside** of school hours.

How:

- Students will obtain pledges from family, friends, neighbors, and local businesses. All donations will go straight to Roscoe PTO to support your schools, classrooms, and teachers.
- Remote students/classrooms:
 - Please print off the log and pledge forms at home
 - Log minutes and collect pledges the same as in-person learners
 - Utilize online donation platforms and email your logs to your classroom teacher **or** mail/drop off logs and donations to the school office
- Cash and check donations are preferred but online donations are also accepted using the Roscoe PTO's PayPal account or by clicking the "donate" button on Roscoe PTO's website: www.roscoepto.com
- **All log/pledge sheets and donations are due by Friday, February 5th, 2021!**

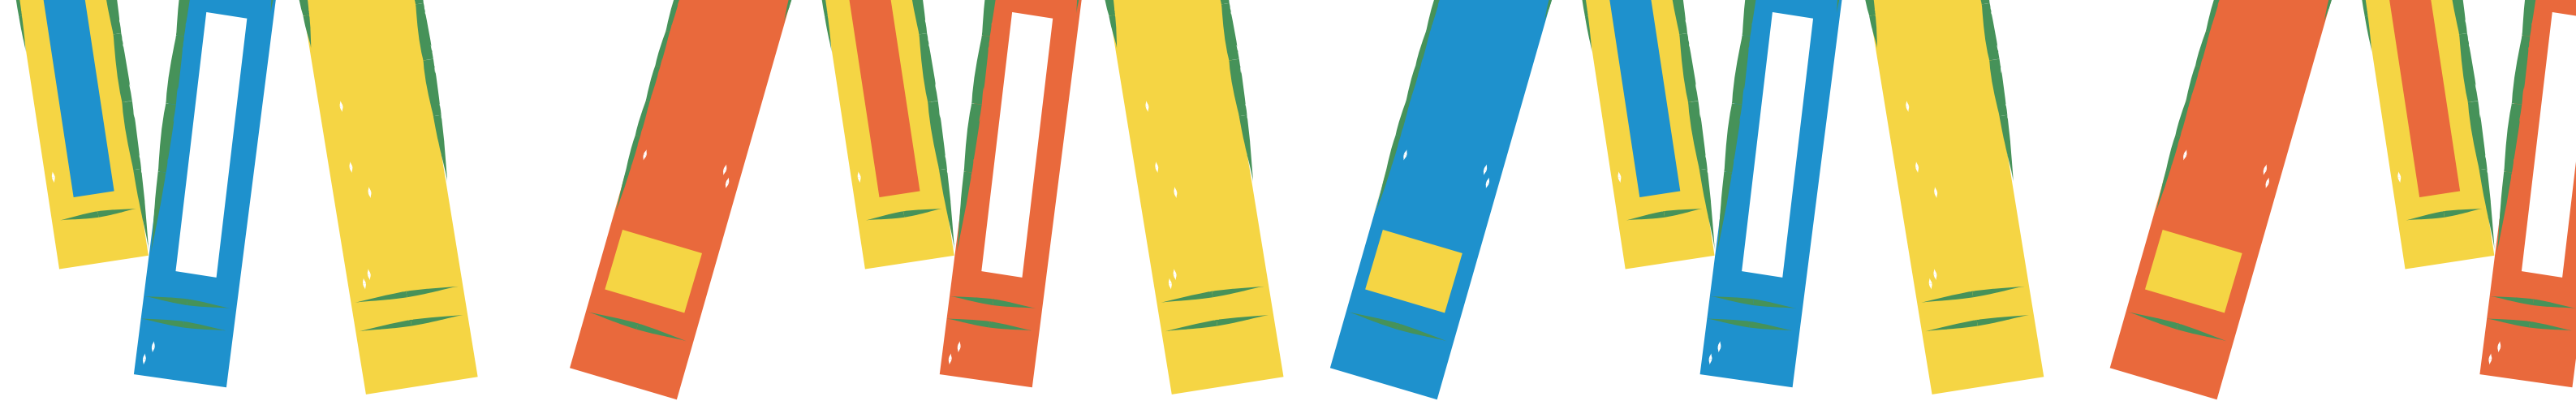

Awards:

- When any student raises over \$100, Roscoe PTO will donate a book to their classroom on their behalf.
- The **student** with the most minutes read per grade level will receive a **\$50 Amazon gift card**.
- The **classroom** with the most cumulative minutes per grade level will be awarded an **ice cream party**.
 - Remote classrooms/students will receive a Culver's Scoopie token at their supply pick up
- The **grade** with the most cumulative minutes read will vote on which CRUNCHY CRITTER their principal will be recorded eating!
 - Option 1: Big Black Field Crickets
 - Option 2: Chocolate Covered Crickets
 - Option 3: Mixed Bugs (grasshoppers, crickets, silk worms & sago worms)
 - Option 4: A combination of all three!

Thank you for your support!

Please e-mail admin@roscoepto.com with any questions.
All forms can be found on our website: www.roscoepto.com
